CCNM | CANADIAN COLLEGE OF NATUROPATHIC MEDICINE

Dr. Angela Cheung, MD, PhD, FRCPC

Professor of Medicine | University of Toronto
Senior Physician Scientist | University Health Network

Dr. Angela M. Cheung is a Professor of Medicine, and KY and Betty Ho Chair in Integrative Medicine at University of Toronto and Senior Physician Scientist at University Health Network (UHN). She is the co-lead principal investigator for CANCOV (Canadian COVID-19 Prospective Cohort Study) the national COVID-19 longitudinal cohort study across 5 provinces and 18 sites, RECLAIM (the REcovering from COVID-Lingering symptoms Adaptative Integrative Medicine platform trial), and Long COVID Web (the national research network for Long COVID). She takes an interdisciplinary approach to examine the genetic, multi-omic and clinical factors for Long COVID and to develop novel curative treatments. She has advised the Ontario Science Table, Public Health Agency of Canada, Canadian Immunity Task Force, Canadian Institutes of Health Research, Canadian Agency for Drugs and Technologies in Health and the Chief Science Advisor's Task Force on post COVID-19 condition (PCC).

She currently holds a Tier 1 Canada Research Chair in Postmenopausal and Musculoskeletal Health at the University of Toronto. She is the past recipient of the 2024 American Society for Bone and Mineral Research Gideon Rodan Mentorship Award, the 2023 European Calcified Tissue Society Research Excellence Award, the Canadian Institutes of Health Research Senior Investigator award, the Canadian Society of Internal Medicine David Sackett Senior Investigator award, the Ontario Premier Research Excellence Award, the University of Toronto Eaton Scholar Award for Excellence in Clinical Research, the Eudenie Stuart Mentorship Award, and the University Health Network/Sinai Health System Michael Hutcheon Mentorship Award and Clinical Teaching Award.

She obtained her MD degree from Johns Hopkins University School of Medicine in 1988, and her PhD degree from Harvard University in 1997. She is a Fellow of the Royal College of Physicians of Canada and has been in clinical practice for over 30 years.
